

Apex

Message from Prof Sangram Mudali (B.Tech-IITK, MS-USA), Trustee

The technical landscape in the country has undergone a sea change in the last few years. More than 1500 engineering and over 1000 management institutes are now producing lakhs of graduates. However most of the institutes are producing mediocre engineers and managers who fall far short of acceptable global standards. We need institutes who commit themselves to Quality and only Quality to stand head and shoulders above the sea of mediocrity which threatens to obliterate India's rich educational heritage. The Apex Institute of Technology & Management belongs to the breed of uncompromising institute which is determined to usher in quality education in a disciplined, healthy educational environment to produce accomplished engineers and managers who will shoulder India's march into the 21st Century. The promoters, being themselves groomed in the finest technical institutions in India and abroad, share four decades of experience in the field of technical education having already produced hundreds of world class engineers whose placement in top MNCs and Indian Companies is the envy of many.

We welcome you to join the Apex Institute of Technology & Management and be a part of the excitement in engineering and management education. The faculty of the Institute are from the top institutes of the country and are into research and consulting in various areas such as embedded systems, nanotechnology, software engineering, communications technology, vlsi engineering, electrical simulation and modeling, etc.

It is said that only the hottest furnace produces the finest steel. We stand committed to producing the finest steel among the young men and women of our country.

Message from Dr. Ramesh Ch. Das, (PhD, IIT, Mumbai) Principal

A new star has appeared in the horizon of engineering education in Eastern India. It is Apex Inst of Technology and Management affiliated to Biju Patnaik University of Technology (BPUT) Orissa. The institute is located in the Temple City of Bhubaneswar with disciplines of CSE, IT, EEE, ECE. The Institute will focus on Research & Development and Technology Consultancy which will form the core of its academic program. Orissa is recently emerging as the hub of industrial growth in eastern India. There is a growing demand for technical personnel who can propel the industrial growth in the state and the country. Apex affirms its commitment to provide technically competent engineers par excellence with managerial skills and wholesome personality who will be assets to any organization aspiring to be leader in its chosen area. Apex will not only cater to technical education but also to fostering world class research in CSE, IT, EEE ECE and Consultancy. I have about three decades of experience of corporate research and ten years of research experience in the premier institute of IIT, Mumbai. I wish Apex all success in years to come. Apex will justify its name in Engineering education. It is a promise and a commitment.

Message from Mrs. Geetika Mudali (B.Tech, MS-USA), Trustee

The Apex Institute of Technology and Management aims to produce engineering and management graduates to fulfill the massive requirements of Indian Industry and MNCs. From my ten years of experience in placement activities in India, we, at Apex Institute of Management stand committed to provide quality placement at all levels to our students. At Apex each student will receive Pre-Placement training based on industry requirements for all the years. Students will be encouraged for higher education in Indian and US Universities, by attending training programs for GATE, CAT and coaching for IAS, IES at Institute level.

Promoters of S J Charitable Trust:

1. Shri Surendra Mudali
BA, LLB, Well Known Educationist &
Over 45 years of Social Service in Orissa
2. Prof Sangram Mudali
B.Tech (IIT/K), MS (Univ of Houston), USA
Over 20 years experience in Industry & Academics
3. Shri Binod Dash
B.A., LLB, Renowned Entrepreneur
Promoter of SIET, Dhenkanal
4. Prof Geetika Mudali
B.Tech (Osmania), MS (NJIT), USA
Over 15 years experience in Academics
5. Smt. Janaki Mudali
6. Shri Niranjana Choudhury

About the Institute:

Apex Institute of Technology & Management is situated near Pahala, Bhubaneswar on Bhubaneswar-Cuttack NH 5 with a sprawling campus spread across 15 acres of land. The campus is just 15 minutes drive from temple city of Bhubaneswar (the Capital of Orissa). The campus has state of the art infrastructure, laboratories, library, WI-FI connectivity & brilliant faculties.

About the Principal:

Dr. Ramesh Chandra Das is a B.Tech. (NIT, Rourkela), M.Tech. (IIT, Mumbai) and Ph.D. (IIT, Mumbai). He has over 30 years of vast experience in Research & Development at IIT, Mumbai and Tata Research Laboratory, Jamshedpur.

Quality at APEX:

At APEX quality is the culture, Quality education at APEX is built on sound academic foundations. The quality of courses is maintained through transparent process, online feedback system, continuous review and enhancement process. All programs at APEX include training and transferable skills such as IT, Communication Skills, Life Skills, Group Work, Leadership Skills and Problem solving skills.

To make the students ready for the industry, along with the regular course curriculum we also offer the following courses to our B.Tech and MBA students :

- JAVA/J2EE
- CCNA
- MATLAB
- .NET Technologies
- SAP
- VLSI
- Robotics
- Embedded System
- Oracle
- Rational Rose
- FPGA using Xilinx
- Industrial Automation

MBA

About the Program :

MBA (Master of Business Administration) program at APEX is approved by All India Council for Technical Education (AICTE), New Delhi and affiliated to Biju Patnaik University of Technology, Orissa.

Management education at APEX is not merely about creating a group of managers making decisions about an organization. We view modern business and management practices as a stream, which is conducted in an environment of increasing global competition subjected to rapid changes. The pedagogy provides the students a thorough understanding of the core business issues, whilst at the same time providing sufficient latitude to allow them to specialize in particular areas relevant to current business scenario. The pedagogy involves report writing, critical analysis, independent research, working with real life case studies, presentation. These will help the students to take a full, active and responsible role within the business.

Details of Approved Intake in MBA Program

MBA (Master of Business Administration)

60 Seats

Admission Procedure:

Admission for Master of Business Administration(MBA) is through Orissa Joint Entrance Examination(Orissa-JEE) conducted each year in April/May by Government of Orissa and through CAT/MAT/XAT entrance examination. For details please contact the Admission Officer in the Institute.

Salient Features:

- Founded by Technocrats from IITs and US Universities
- Only 15 mins. Drive from Bhubaneswar (on Bhubaneswar-Cuttack NH 5) Experienced faculty members are from top Indian and foreign Universities
- Network based ERP software used for all administrative, accounting and academic purposes
- State of Art Laboratories
- Excellent Quality Management and IT education to students
- Fully computerized with well equipped library
- Digital library connected to international & national online journals
- An array of multimedia tools, cases and learning resources
- Access to over 5,000 company profiles and data
- 24/7 Campus Wireless Internet Service
- Foreign Languages Courses in Japanese and German
- Teaching Assistantships and Book Bank facilities for Meritorious Students
- Separate hostels for boys and girls
- Computer based Soft Skills and English Language Laboratory
- Free Laptops for all Students with 2 years onsite maintenance warranty.

B.TECH

About the Program:

B.Tech. program at APEX is approved by All India Council for Technical Education (AICTE), New Delhi and affiliated to Biju Patnaik University of Technology, Orissa.

Approved Intake for B.Tech. Program

B.Tech. (Computer Science & Engineering)	60 Seats
B.Tech. (Information Technology)	60 Seats
B.Tech. (Electronics & Communication Engineering)	60 Seats
B.Tech. (Electrical & Electronics Engineering)	60 Seats

Admission Procedure :

Admission for Bachelor of Technology (B.Tech.) is through Orissa Joint Entrance Examination(Orissa - JEE) and All India Engineering Entrance Examination(AIEEE) conducted each year in April/May by Government of Orissa and CBSE respectively. For details please contact the Admission Officer in the Institute.

Laboratories :

APEX has state-of-art laboratories like: Digital Logic Lab., Electronics Workshop, Mechanical Workshop, Electronics Devices & Circuit Lab., Physics Lab., Chemistry Lab., Communication System Lab., VLSI Lab., Computer Network Lab., Robotics & CNC Lab., and Digital Signal Processing Lab.

Salient Features :

- Founded by Technocrats from IITs and US Universities
- Only 15 mins. Drive from Bhubaneswar (on Bhubaneswar-Cuttack NH 5)
- Experienced faculty members are from top Indian and foreign Universities
- Employment oriented customized courses like JAVA, Oracle, CCNA, VLSI, Rational Rose, MATLAB, Robotics, FPGA using Xilinx, .NET Technologies, J2EE platform as part of regular curriculum.
- Special courses for personality and communication skills development.
- Well Equipped library with more than 6000 books.
- 20 National and 15 International Journals in the library
- Digital Library with Networked PCs, Multimedia facilities with Internet Facility
- More than 200 numbers of core 2 duo workstations running on Linux, Unix and Windows
- Wi-Fi Campus with 24/7 leased line based internet services
- Network based educational ERP software for all administrative, accounting and academics purpose.
- Computer based English Language Laboratory
- All students of 1st year provided with Laptops with 4 years maintenance warranty
- Strong linkage with Industry, academics Institute/Universities and research centre
- Experienced and dedicated placement team for final placement
- Teaching Assistantships and Book Bank facilities for Meritorious Students
